PORTRAIT PHOTOGRAPHY

## ABOUT VINCE TARRY STUDIOS

We believe in capturing the spirit and personality of your family. We want to know who you are so we can tailor your portrait session to create beautiful images of your family which can be proudly displayed on the walls of your home. Family portraits are about family and the best way to capture great images is to work in a comfortable environment. We do almost all of our work on location utilizing natural light as often as possible. Let's take advantage of the beautiful place we live in, let the kids run around and be themselves.

## PORTRAIT PRICES

Portrait sessions require a \$600 deposit.

The deposit pays for a \$275 sitting fee and the remaining \$325 is a credit towards your order.

All prices include retouching.

## FINISHED PRINTS

We offer a variety of finishes for your portraits. The three most common finishes are: Regular, Pebble or Canvas. Regular finished prints are a smooth Lustre finish print that is used when framing with matting and glass. Pebble finished portraits are mounted on a Museum quality mount board and sprayed with a lacquer style protectant. Canvas mounted portraits are for the client who wants their portrait to make a statement. These prints are mounted to a painters canvas and they have a texture of a fine oil painting.

### REGULAR FINISH

8x10: \$80

5x7: \$55

### PEBBLE TEXTURE

11x14: \$205

16x20: \$385

## DIGITAL FILES

We do sell the digital files for your holiday cards or your own archives. We require a minimum print order of \$600 before we sell a digital file. Individual files are available for \$175 per image. Clients who invest \$1800 or more on print products will receive a complimentary set of digital files. All print prices include retouching. Individually purchased, digital files, will be retouched but the complimentary set of images are not retouched. Digital image resolution is 2000x1300 which will provide prints up to 8x10".
